1963 Benton County Highway Department notes a distance of 2630.7 feet to the NW corner Sec 35 and a distance of 2667.1 feet to the NE corner Sec 35.

County Surveyor's Record Book 2, page 304, notes the following reference ties to an iron:

10" Elm	SE	79.2
24" Elm	SW	81.3

1993 Sidney Williamson, LS 10918, found a 1/2" solid iron at the centerline of roads east/west and a fence line north. He replaced it with a cast iron monument and filed a Certificate of Location (#223489). He notes a distance of 2631.38 feet to the NW corner Sec 35 and a distance of 2667.90 feet to the NE corner Sec 35.

2008 The Benton County Surveyor's Office found the cast iron monument set in 1993 from a found 1/2" iron rod in the east-west centerline of CSAH No 14 on a fence to the north.. The distance to the northeast corner, another found iron, measures 2668.20 feet fitting the 1963 and 1993 distances within about a foot. Since the found cast iron monument fits the location of the corner since 1963, it's accepted as marking the corner location.
