I hereby certify that this document was researched and prepared by me or under my direct supervision
and that I am a licensed Land Surveyor under the laws of the State of Minnesota.

Signature Jerome C. Wittstock
Benton County Surveyor
License No. 19552

Date: 3/29/2018PAGE 1 OF 2

Benton County Surveyor's Office
Jerome C. Wittstock, County Surveyor
Minnesota License No. 19552

Statement of Evidence:**D043**

East Quarter of Section 4, Township 38 North, Range 31 West, East Langola Township,
4th Principal Meridian, Benton County, Minnesota.

- 1852 Original US General Land Office survey set a wood post at this location and bearing trees were recorded.

- 1916 County Surveyor's Record Book 2, page 31, and Record Book A, Map No. 26, show a survey of Section 3 by J.P. Soderstrum. Notes show no sign of corner found. He measured 81.50 chains (5379.0 feet) between the section corners and shows corner at lost position 39.92 chains (2634.72 feet) north of SE corner and 41.58 chains (2744.28 feet) south of NE corner.
- 2012 The Benton County Surveyor's Office reconstructed the 1916 survey, which among other findings found that there is a 66-foot blunder on the north half of the east line of Section 4. A 1/2" x 14" iron pipe capped 19552 was set to mark the lost position proportioned to the 1916 survey. The proportioned distance indexes well with other half mile distances, namely the east line of the Southeast Quarter of Section 3 and the east line of the Northeast Quarter of Section 9. This position also preserves the integrity of the section subdivision of Section 3 in the 1916 survey.
