2002 No resurvey information was found on this corner in the Benton County records.

2003 6/25/03 Surveying & Engineering Professionals, Inc. found a  $\frac{1}{2}$ " iron pipe at fence line occupation. Measured 2740.38 feet to the NW corner and 2674.18 feet to the NE corner.

County Coordinates determined from SEPI traverse:

NAD 83 (1996 Adjustment)

N- 190840.168

E- 454491.307

2014 The Benton County Surveyor's Office found a 1/2" open iron pipe in the east-west centerline of 165<sup>th</sup> St. NW on the extension of a fence to the south. The iron measures 2738.58 to a stone at the northwest corner of said section and 2674.18 feet to a PK Nail at the northeast corner, which fits GLO within about a foot, and overall fitting the 2003 distances well. The distance to the northwest corner varies from the 2003 distance because a stone was found during excavation of that corner. The iron is accepted as marking the corner position.
