

**Statement of Evidence:**

**H231**

North Quarter Corner of Section 23, Township 37 North, Range 29 West, Gilmanton Township, 4<sup>th</sup> Principal Meridian, Benton County, Minnesota.

1855 Original US General Land Office survey established corner marked with a wood post with bearing trees noted as:

14" Sugar	S 13 E	46 links
7" Sugar	N 40 ½ W	10 links

2003 No resurvey information was found on this corner in the Benton County records.

2004 Westwood Professional Services, Inc. searched corner area in center of road intersection east-west and south. No monument was found and set temporary corner in center of intersection. Measured 2658.59 feet to the NW corner and 2660.88 feet to the NE corner of Section 23 and found the temporary point to be 6.9 feet south of a straight line between section corners. This makes the intersection very close to the lost position. Accepted the road intersection as marking the obliterated corner position.
