Title:  Land Surveyor  Professional Engineer  County Surveyor  County Engineer  
**MNDOT**

Statement of Evidence:

**North Quarter Corner of Section 8, Township 36 North, Range 29 West, St. George Township, 4<sup>th</sup> Principal Meridian, Benton County, Minnesota.**

1855 Oscar F. Davis ran the original public survey and set a wood post at this location and bearing trees were recorded.

12" White Oak      S 4 E      71 links

1913 County Surveyor's Record Book 1, pages 34 & 35, contains a survey of Section 5 by County Surveyor, J. A. Stanton, which notes this corner found as marked by an iron rod set by former County Surveyor.

2003 Survey information from Brown Herkenhoff gives a distance of 5217.64 feet for the north line of Section 8.

On December 10<sup>th</sup>, 2003, The Minnesota Department of Transportation found a 12" spike at a fence intersection. A 4' x 4' x 2.5' deep area was excavated at the spike location, nothing was found. Fence lines running east-west and south are straight. An area at a computed lost location was searched and nothing was found.

2004 On July 8<sup>th</sup>, 2004, The Minnesota Department of Transportation found the 12" spike and placed a Cast Iron Monument at the spike location. Reference Ties were established.

2009 On September 10<sup>th</sup>, 2009, The Minnesota Department of Transportation found a Cast Iron Monument. Reference Ties were verified as shown on the front of this document. The Minnesota Department of Transportation accepts the cast iron monument as the correct location of the North Quarter Corner of Section 8.

For details and survey analysis, contact the Minnesota Department of Transportation District Surveys Office in Baxter, Minnesota.

E- 518886.503

2008 Westwood Professional Services, Inc. found a CIM and confirms 2004 MN/DOT coordinate position by RTK GPS. Made extensive search for iron rod set in ~1913 and nothing was found. Position fits favorably with center of section and sixteenth occupation lines to the north in Section 5 as well as center of section and sixteenth occupation lines to the south. CIM is accepted as marking the obliterated corner position. Ties are shown on the front of this certificate.
