

**Statement of Evidence:**

**K221**

The North Quarter Corner of Section 22, Township 36 North, Range 29 West, St. George Township, 4<sup>th</sup> Principal Meridian, Benton County, Minnesota.

1855 Original US General Land Office survey established corner marked by a wood post with bearing trees:

10" Elm	N 56 E	10 links
12" Blk Ash	S 16 E	10 links

1992 Paul Wellen, LS 10461, set a cast iron monument at the centerline of roads east/west, a tree line north, and a fence line south.

2008 The County Surveyor's Office searched and found Wellen's 1922 cast iron monument as reported above. The corner histories for the NE and NW Corners of Sec. 22 indicate stones or gas pipes, thus the Highway Dept. excavated a 10'x6'x5' hole in the east-west gravel road of 25<sup>th</sup> St. NE. No evidence was recovered. During the excavation process, Wellen's cast iron monument was removed and afterwards replaced by a 1/2" x 14" iron pipe capped 19552. Distances to the NW and NE Corners gives 2646.77 ft. and 2655.40 ft., respectively. Ties were made.
