- 2008 The County Surveyor's Office searched and found a cast iron monument 9.5± feet east of the centerline of a north-south road (County Road No. 57) and 6± feet north of the centerline of an east gravel driveway. The position gives distances from the NE Cor. and the SE Cor. of 2658.11 feet and 2657.96 feet and is on a straight line between said corners, which agrees with Lunser's 1984 report. Position agrees with long standing surrounding occupation. Surveyor accepts the CIM as best evidence of obliterated corner and updated ties.
