

Statement of Evidence:

I242

The Northeast Corner of Section 24, Township 37 North, Range 28 West, Maywood Township, 4th Principal Meridian, Benton County, Minnesota.

1849 Original US General Land Office survey set a wood post at this location and bearing trees were recorded.

30" W Ash	S 41 W	55 links
20" W Ash	S 72 E	30 links
22" W Ash	N 82 W	8 links
20" Sugar	N 56 E	92 links

Line trees were noted as a 10" Basswood North 20.49 chains and a 22" Pine South 17.88 chains.

No Date County Surveyor's Record Book 2, page 432, lists ties:

8" W. Ash	S 59 E	78 links
8" W. Elm	N 62 ¾ W	88 links

1996 John Oliver, LS 8194, Mille Lacs County Surveyor, set ¾ " iron pipe by single proportion method between the NW corner Section 30 and the NW corner of Section 7, 37-27, but on the centerline of the north-south road and filed Certificate of Location (No. 244627). Corner falls in 4-way road intersection. Corner area was excavated and no evidence found of a corner marker. (See Certificate for details.)

2003 Survey & Engineering Professionals, Inc. (Linda Brown, LS 23682) found iron pipe and coordinates determined from their traverse information.

2008 The County Surveyor's Office searched and found Oliver's 1996 ¾" iron pipe approximately 0.4' below the surface at the intersection of east-west gravel road (85th Street N.E.) and north-south gravel road (195th Avenue N.E.). Position distance to East ¼ corner of Section 13 gives 2634.60 feet which agrees well with Oliver's 1996 distance. The Surveyor accepts the position as the best evidence and updated ties.
