

Statement of Evidence:

I293

East Quarter Corner of Section 29, Township 37 North, Range 28 West, Maywood Township, 4th Principal Meridian, Benton County, Minnesota.

1855 Original US General Land Office survey set a wood post at this location and bearing trees were recorded.

10" Ironwood	N 46 1/2 E	31 links
12" Ironwood	N 63 1/2 W	34 links

1912 County Surveyor's Record Book 2, on pages 442 and 443, and Record Book A, Map No. 18, shows a survey of Section 29 by Samuel S. Chute. Corner was set at the lost position, equal distance and on line, between section corners. He set an Elm post and marked BT: 8" Elm N 64-10 E 87 1/2 links. He had found an old post, which had been set 40.00 chains south of the NE corner that he did not accept. His distance for the east line of the section was 81.37 chains.

2007 Benton County Surveyor's Office set a 1/2 inch iron pipe capped 19552 at the lost position, online and at the midpoint between the Northeast and Southeast section corners of Section 29. The overall between section corners measured 5372.76 feet, which is within 2.34 feet of the distance measured in 1912 (5370.42 feet). The position fits the 1912 Elm BT call to a found stump.
